Item:	Action:	By Whom:
Item 1: Short Questionnaire	Discussed: Absence and persistent absence were higher than the national mark. 'We could find out if its genuine illness' 'We could call the parents and ask what's wrong with them' 'We could invite the parents in to talk' 'We could visit their home'	All council. Miss Stevens.
Item 2: Discuss about how we could get more involved with the community.	'Since we have the extension, they are extending the school garden at the front of the office. We may be able to move the farm to the front and let the local elderly people from the people's home and let them grow their vegetables or let the locals come into see the animals'	All council. Miss Stevens.
Any other business?	'Also we could improve dinner times because when the extension has finished there is now going to be two playgrounds, in the K.S.1 playground could have a quiet area with -Shelter -Books -Rugs -Bean bags And for both playgrounds there should be more seats for students to sit down on instead of the floor. And for the trim trail, there should be one in both playgrounds. And we need more dinner staff because when one needs to go in, there is no staff outside to watch'	Miss Stevens to pass on idea in staff meeting.
Items for next agenda: Talk about school development strategies.
