Aims and Objectives

At Fieldhead Carr Primary School the aims of marking and feedback are:

- to provide constructive feedback to enable pupils to make progress
- to offer encouragement, acknowledging pupils' efforts and achievements
- to correct mistakes and give suggestions for improving learning
- to assess progress and inform future planning

Procedures

See Appendix 1 – Marking Expectations

Adult Written Feedback

Successes in a child's learning are identified by the use of the **'Golden pen of Goodness and Greatness'**.
E.g. In Literacy, this may be used to underline areas of success linked to the success criteria.
In Maths, where a child has shown particularly good understanding the gold pen may be used to tick or circle.
In Creative Curriculum areas, the gold pen may be used to underline or circle where a child has shown particularly good understanding.

Children are expected to be able to reflect on their learning in the context of the success criteria, in order to identify why that area has been celebrated. This should be done in gold pen.

Written feedback will be given in green pen and should be received by each child at least once each week in Reading and Writing sessions and in Maths. This may come in the form of a **Challenge or Consolidation** task. Mastery/Depth tasks in reading or maths, may be given on a marking stickers, which are derived from reading or maths skills that the children can hone for depth. In writing, the children use 'T – Time' (see Appendix 2 – T Time) to up level their work.

Pupils will be expected to use the **'Powerful Purple Pen of Progress'** to respond to their feedback. This could be in the lesson or afterwards where appropriate.

Teachers 'light touch' mark the children's purple pen responses.

Verbal feedback may be given. Pupils will use the 'Purple pen of Progress' to act upon the verbal feedback.

Communication with Parents

It is acknowledged that parents often look for 'traditional' marking when they look at their child's books. For this reason we will communicate the main points about our marking policy to parents when appropriate.

Monitoring and Evaluation

We share best practice in feedback and marking and ensure that its main function is to support learning.
Implementation of this policy will be monitored and evaluated through book scrutiny, learning walks, lesson observations and pupil voice.
