

Subject leader Action Plan 2022-2023

Subject:	PE				TIME FRAME:	Sept 22 – Jul 23
<p>CENTRAL ISSUES : <i>Foci for development</i> What need are we trying to address with the Action plan</p>	<p>Curriculum: the variety of sports taught across the year groups are varied and enjoyed by most pupils, however a revamp of curriculum planning and individual lessons plans is necessary to maintain and improve the interest and engagement of all pupils. Strategies towards engaging less-active pupils also needs developing as well as implementing an assessment tool to monitor progress across the year.</p> <p>After School provision: last year's intake of pupils taking part in after school sport was low, therefore it is necessary develop strategies to engage more pupils to participate and look at what barriers maybe preventing the children/families taking up this provision. Possible change in the clubs / sports on offer to offer a wider range.</p> <p>Competition: as a school we hosted a number of competitions for our children last year, however, it is important to provide our children with a variety of sport competition that is hosted both at school and at other venues across Leeds to expand children's experiences and allow them to showcase their skills to other schools.</p>
