

Key Instant Recall Facts

Year 4 - Autumn 1

I know the multiplication and division facts for all the times tables up to 12×12 .

The year 4 children should already know **ALL** the times tables up to 12×12 . The aim is for them to recall these facts **instantly**. This half term is a chance for year 4 children to consolidate their knowledge of multiplication and division facts and to increase their speed of recall.

TIMES TABLES

1x	2x	3x	4x	5x	6x
$1 \times 1 = 1$	$1 \times 2 = 2$	$1 \times 3 = 3$	$1 \times 4 = 4$	$1 \times 5 = 5$	$1 \times 6 = 6$

Key Vocabulary:

What is 12 multiplied by 6?

What is 7 times 8?

What is 84 divided by 7?

Top tips:

The secret to success is practicing **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during your car journey? You don't need to practise them all at once; perhaps you could start with one particular times tables and ensure they know all of them before moving onto another time table.

Speed challenge: take two packs of playing cards and remove the kings. Turn over two cards and ask your child to multiply the numbers together (Ace=1, Jack=11, Queen=12). How many questions can they answer correctly in 2 minutes? Practise regularly and see if they can beat their high score.
